Employment History and Training

COMELEC Warehouse – *Election Casual*
    I was assigned in CCS Re-zero and encoding the re-zeroed CCS' laptops and kits for documentation. I am also assigned for the transmittal of the supplies. I was assigned also in CEMAC for the Level 2 troubleshooting of VCM's concerns and helping the caller for their issues and concerns.
Sta. Rosa, Laguna
January 2022 – May 15, 2022

REMOTASK – *Freelancer*
    I am a Reviewer and Tasker in Remotask, an online tasking platform focusing on building technologies related to AI (Artificial Intellegence). The nature of my task was focused on Image Annotation (2D) and Zebra LiDAR Static (3D) for Self-Driving Cars. Where I annotate the different objects such as traffic lights, traffic guides, cars and other vehicles in the image and 3D canvass and labeled it.
June 2021 – Dec 2021

2GO Express Inc. – *Outlet Customer Service Representative*
    Where I assist customers in sending/receiving documents, parcels and cargo via Land, Sea and Air for local and international. I also assist customer who purchase a vessel ticket, revalidation and refunding of tickets.
Metro Manila
July 2019 – March 2020

COMELEC-NPO – *Election Casual*
    Assigned in Server room for printing of Bangsamoro Organic Law (BOL) Plebiscite Ballots, monitoring the printed ballots and securing that there will be no data or ballot images will be left in the printer server database of NPO after all the ballots were printed. For National and Local Election 2019, I was assigned to supervise the FTS Ballot Verification and perform basic troubleshooting of VCM that were used for ballot verification.
National Printing Office, Quezon City
December 2018 – May 2019

Honestbee Phil. – *Shopper*
    Assigned in S&R Commonwealth, as a Shopper we are taking the orders from the customers through an app and we are the one who will shop for them and complete the orders efficiently, suggesting suitable substitutes to customers for out-of-stock items, to checking out and preparing the order on time to handover to the delivery riders.
Novaliches, Quezon City
July 2018 – March 2019

COMELEC-NPO – *Election Casual*
    I was assigned in NPO warehouse where we provide the request of Paper Ballot Rolls and Carbonless paper and also did inventory of Paper Ballot Rolls and Carbonless Paper for Election Returns.
National Printing Office, Quezon City
March 2018 – May 2018

Self-Study – *Web Development*
    I started studying Frontend Development where I engaged in some skillsets like HTML5 & CSS3, Bootstrap, Photoshop, Responsive Web Design (RWD) and basic knowledge in jQuery and JavaScript. I also learned how to use a Version Control System or GIT/Github. Within those months, I made 3 webpages from PSD mock-up converted it into a Responsive Web Pages. And also made my personal webpage.
Jan. 2018 – March 2018

COMELEC-NPO – *Election Casual*

     Assigned in Composing Division of NPO where we check the final design of Election Returns from Photolitographic's plates design. In checking of ER it includes the margins, spacings, spellings and alignment of text. Once it is approved it will be use as the Final Design for E.R's printout.
National Printing Office, Quezon City
Sept. 2017 – Oct. 2017

SuperValue Inc – *RDU Checker*

     As a RDU checker, I check the items inbound and outbound. I also do the fresh audit, checking of new items and encoding daily reports.
